

Doing different

English Transcript	Tradução
Doing Different	Fazendo diferente
A group of scientists placed five monkeys in a cage, in the center of which they placed a ladder and, on top of it, a bunch of bananas.	Um grupo de cientistas colocou cinco macacos numa jaula, em cujo centro puseram uma escada e, sobre ela, um cacho de banana.
When a monkey climbed the ladder to pick up the bananas, the scientists threw a jet of cold water at those on the ground.	Quando um macaco subia a escada para apanhar as bananas, os cientistas lançaram um jato de água fria nos que estavam no chão.
After a while, when a monkey went to climb the ladder, the others would beat him up.	Depois de certo tempo, quando um macaco ia subir a escada, os outros enchiam-no de pancadas.
After some time, no monkey would go up the ladder, despite the temptation of the bananas.	Passado mais algum tempo, nenhum macaco subia mais a escada, apesar da tentação das bananas.
So the scientists replaced one of the five monkeys.	Então, os cientistas substituíram um dos cinco macacos.
The first thing he did was go up the stairs, being quickly removed by the others, who beat him.	A primeira coisa que ele fez foi subir a escada, dela sendo rapidamente retirado pelos outros, que o surraram.
After a few beatings, the new member of the group no longer climbed the ladder.	Depois de algumas surras, o novo integrante do grupo não mais subia a escada.
A second was substituted, and the same thing happened, with the first substitute participating, with enthusiasm, in the beating of the rookie.	Um segundo foi substituído, e o mesmo ocorreu, tendo o primeiro substituto participado, com entusiasmo, da surra ao novato.
A third was exchanged, and the event was repeated.	Um terceiro foi trocado, e repetiu-se o fato.
A fourth and finally the last of the veterans were replaced.	Um quarto e, finalmente, o último dos veteranos foi substituído.
The scientists were then left with a group of five monkeys that, even though they had never taken a cold shower, continued to hit anyone who tried to get to the bananas.	Os cientistas ficaram, então, com um grupo de cinco macacos que, mesmo nunca tendo tomado um banho frio, continuavam batendo naquele que tentasse chegar às bananas.
If it were possible to ask any of them why they hit anyone who tried to climb the stairs, the answer would surely be: "I don't know, things have always been like this around here..."	Se fosse possível perguntar a algum deles porque batiam em quem tentasse subir a escada, com certeza a resposta seria : "Não sei, as coisas sempre foram assim por aqui..."
