

Giving when it counts

English Transcript	Tradução
Many years ago, when I worked as a volunteer at a hospital, I got to know a little girl named Liz who was suffering from a rare and serious disease.	Muitos anos atrás, quando eu trabalhava como voluntário em um hospital, conheci uma garotinha chamada Liz que sofria de uma doença rara e grave.
Her only chance of recovery appeared to be a blood transfusion from her 5-year old brother, who had miraculously survived the same disease and had developed the antibodies needed to combat the illness.	Sua única chance de recuperação parecia ser uma transfusão de sangue de seu irmão de 5 anos, que milagrosamente havia sobrevivido à mesma doença e desenvolvido os anticorpos necessários para combater a enfermidade.
The doctor explained the situation to her little brother, and asked the little boy if he would be willing to give his blood to his sister.	O médico explicou a situação para o irmãozinho dela e perguntou se ele estaria disposto a doar seu sangue para a irmã.
I saw him hesitate for only a moment before taking a deep breath and saying, "Yes I'll do it if it will save her."	Eu o vi hesitar por apenas um momento antes de respirar fundo e dizer: "Sim, eu farei isso se for para salvá-la."
As the transfusion progressed, he lay in bed next to his sister and smiled, as we all did, seeing the color returning to her cheek.	Conforme a transfusão progredia, ele deitou na cama ao lado da irmã e sorriu, assim como todos nós, vendo a cor retornar às bochechas dela.
Then his face grew pale and his smile faded.	Então, seu rosto ficou pálido e seu sorriso desapareceu.
He looked up at the doctor and asked with a trembling voice, "Will I start to die right away?"	Ele olhou para o médico e perguntou com uma voz trêmula: "Eu vou começar a morrer imediatamente?"
Being young the little boy had misunderstood the doctor; he thought he was going to have to give his sister all of his blood in order to save her.	Por ser jovem, o garotinho havia entendido mal o médico; ele pensou que teria que dar todo o seu sangue para a irmã para salvá-la.
