

Hiroshima and Nagasaki bombings

English Transcript	Tradução
Hiroshima and Nagasaki bombings	Bombardeios de Hiroshima e Nagasaki
Tsutomu Yamaguchi survived both the Hiroshima and Nagasaki bombing atrocities.	Tsutomu Yamaguchi sobreviveu às atrocidades dos bombardeios de Hiroshima e Nagasaki.
Yamaguchi lived in Nagasaki but had gone for a business related trip to Hiroshima.	Yamaguchi morava em Nagasaki, mas havia feito uma viagem de negócios a Hiroshima.
On August 6, 1945 as he was returning home with colleagues when he had forgotten a stamp required for travelling.	Em 6 de agosto de 1945, quando voltava para casa com colegas, esqueceu um carimbo necessário para viajar.
After collecting it, as he was returning, the bomber Enola Gay dropped "Little Boy".	Depois de pegar o carimbo, ao retornar, o bombardeiro Enola Gay largou "Little Boy".
Yamaguchi was in a 3 kilometer radius of the bombing site.	Yamaguchi estava em um raio de 3 quilômetros do local do bombardeio.
The explosion impaired his hearing ability and temporarily blinded him.	A explosão prejudicou sua capacidade auditiva e o cegou temporariamente.
He suffered burns which were treated on his return to Nagasaki.	Ele sofreu queimaduras que foram tratadas quando de seu retorno a Nagasaki.
Despite of this he still went to work on August 9.	Apesar disso, ele ainda foi trabalhar no dia 9 de agosto.
Ironically, as Yamaguchi was describing the bombing to his supervisor at work, bomber plane Bockscar dropped the "Fat Man".	Ironicamente, enquanto Yamaguchi estava descrevendo o bombardeio para seu supervisor no trabalho, o avião bombardeiro Bockscar largou o "Fat Man".
This time, again, Yamaguchi was within a 3 kilometer radius of the explosion but again survived with minimal damage.	Desta vez, novamente, Yamaguchi estava dentro de um raio de 3 quilômetros da explosão, mas novamente sobreviveu com danos mínimos.
Yamaguchi died at the age of 93 in January, 2010 of stomach cancer.	Yamaguchi morreu com 93 anos em janeiro de 2010, de câncer no estômago.
He was a legend.	Ele era uma lenda.
The way destiny took him from one bomb site to another and still made him a survivor is hard to believe, yet it's true.	A maneira como o destino o levou de um local de bomba a outro e ainda o tornou um sobrevivente é difícil de acreditar, mas é verdade.
