How did he do it?	Como ele conseguiu?
A Chinese legend tells that there were two children skating on top of a frozen lake.	Certa lenda chinesa conta que estavam duas crianças patinando em cima de um lago congelado.
It was a cloudy and cold afternoon and the children were playing without worry.	Era uma tarde nublada e fria e as crianças brincavam despreocupadamente.
Suddenly, the ice broke and one of the children fell into the water.	De repente , o gelo se quebrou e uma das crianças caiu na água.
The other child, seeing that his little friend was drowning under the ice, took a stone and began to strike with all his strength, managing to break it and save his friend.	A outra criança vendo que seu amiguinho se afogava debaixo do gelo, pegou uma pedra e começou a golpear com todas as suas forças, conseguindo quebrá-lo e salvar o amigo.
His hands were sore and his whole body hurt a lot.	Suas mãos estavam feridas e seu corpo doía muito.
When the firefighters arrived and saw what had happened, they asked the boy:	Quando os bombeiros chegaram e viram o que havia acontecido, perguntaram ao menino:
"How did you manage to do that? It's impossible that you could have broken the ice with that stone and hands so small!"	"Como você conseguiu fazer isso? É impossível que você tenha quebrado o gelo com essa pedra e suas mãos tão pequenas!"
At that moment an old man appeared and said:	Nesse instante apareceu um ancião e disse:
"I know how he did it."	"Eu sei como ele conseguiu."
Everyone looked at him waiting for an answer.	Todos olharam para ele aguardando a resposta.
The elder then replied:	O ancião então respondeu:
"There was no one around him to tell him he couldn't."	"Não havia ninguém ao seu redor para dizer-lhe que ele não era capaz."
