

Laugh and start over

English Transcript	Tradução
Laugh and start over	Rir e recomeçar
We learn a lot from the small things: one summer day, I was on the beach, spying on two children in the sand.	São pequenas as coisas com que aprendemos muito: num dia de verão, eu estava na praia, espiando duas crianças na areia.
They worked hard, building a wet sand castle with towers, walkways, and interior passages.	Trabalhavam muito, construindo um castelo de areia molhada com torres, passarelas e passagens internas.
When they were nearing the end of the project, a wave came and destroyed everything, reducing the castle to a pile of sand and foam.	Quando estavam perto do final do projeto, veio uma onda e destruiu tudo, reduzindo o castelo a um monte de areia e espuma.
I thought the children would burst into tears after so much effort and care.	Achei que as crianças iriam cair no choro, depois de tanto esforço e cuidado.
But I had a surprise: instead of crying, they ran to the beach, fleeing the water, laughing, hand in hand, and began building another castle.	Mas tive uma surpresa: em vez de chorar, elas correram para a praia, fugindo da água, rindo, de mãos dadas e começaram a construir outro castelo.
I understood that I had received an important lesson there: everything in our lives, all the things that take so much of our time and energy to build, everything is fleeting, everything is made of sand; what remains is only the relationship we have with other people.	Compreendi que havia recebido ali uma importante lição: tudo em nossas vidas, todas as coisas que gastam tanto de nosso tempo e de nossa energia para construir, tudo é passageiro, tudo é feito de areia; o que permanece é só o relacionamento que temos com as outras pessoas.
Sooner or later, a wave will come and destroy or erase what it took us so long to build.	Mais cedo ou mais tarde, uma onda virá e destruirá ou apagará o que levamos tanto tempo para construir.
And when that happens, only the one who has someone else's hands to hold will be able to laugh and start over.	E quando isso acontecer, somente aquele que tiver as mãos de outro alguém para segurar será capaz de rir e recomeçar.
